

Share the flame of hope!

The charity initiative for Daria starts on **November 26.**

Original paralympic torch, carried by our colleague Filip on August 29, 2012 during the Paralympic Torch Relay in London, will be displayed beside money-boxes in all Units of ArcelorMittal Poland, subsidiaries and in kindergartens in Kraków and Dąbrowa Górnicza.

Over the next two weeks the Torch will be displayed beside several similar money-boxes used for collecting the so called „Flames of Hope” – donations for treatment and rehabilitation of **DARIA KUKUŁA**, a sick daughter of our colleague working in ArcelorMittal Poland. This is how we want to contribute to the purchase of necessary medical equipment and treatment of a number of conditions which little Daria suffers from, which among others include refractory epilepsy, tetraplegia and cystic encephalopathy.

The **GRAND FINALE** of our initiative - the **AUCTION** of the **TORCH** is planned for **December 17, 2012.**

The starting price will be the sum of all Flames collected in the money-boxes.

Your Flame is invaluable for the success of this initiative!
